

Announcing the 2017

Canfor's Spirit of the North Health Education Scholarship

Morgan Aucoin was born and raised in PG and has a strong passion for helping others and making a difference in their lives. This 2017 DP Todd Secondary School grad is the recipient of this year's Canfor Healthcare Education Scholarship presented through the Spirit of the North Healthcare Foundation, and already has quite a resume under her belt that made her the perfect candidate. She will be entering the Biomedical Program at UNBC this fall with the intent of working in the field of health care. She currently volunteers at UHNBC, loves working with children and adults in the hospital setting, and it's her goal to lead patients on their road to recovery. Morgan's passion for working with children and adults stems from growing up in a sporting community. Having competed in speed skating for eleven years, she turned to coaching because of her love for teaching others and enjoys seeing the difference she makes in their lives. Fittingly, she is also a lifeguard with the City of Prince George which has exposed her to a fast-paced and quick thinking environment which she feels truly connects with the healthcare field.

Morgan is very excited for the next chapter in her already remarkable life.

"The feeling of knowing you are putting something positive into someone's day is very self-rewarding."

Thank you for making a difference, Morgan! We wish you all the best as you help bring the best of care close to home in the north.
